

The work of contemporary Italian architect and designer Egidio Panzera, LOGO is an attractive, versatile storage solution conceived to optimise your living, dining, study or wardrobe spaces. Easy to install, LOGO offers an almost endless array of configuration possibilities. As either a fixed installation or a moveable room divider, its sleek aluminium profile can be enhanced with timber or glass components as well as illuminated shelving.

RIBBON is a wall-mounted aluminium strip engineered to add style and functionality to any kitchen, bathroom or living area. Available with or without LED lighting, RIBBON has a variety of clever accessories to choose from.

*Versatile ingenuity.  
European style.*
